

BLACK

THE BANSHEE'S WAKE

A bold tribute to misty mornings and fireside warmth. This Irish breakfast tea is deeply aromatic with a spicy edge. Best savored with a splash of milk to soften its strength and warm the soul.

WITCHING HOUR

Bold and unapologetic, this "fireball" tea ignites the senses with black tea, fiery cinnamon, orange peel, and sweet cloves. Served piping hot, each sip is a comforting blaze of bold flavor. Brace yourself—you're going to love the heat.

CROWN & CLOAK

Smooth and malty with a dignified astringent finish. This bold "prince of wales" blend of Keemun, Yunnan, and Ceylon teas is as timeless and powerful as royalty itself.

THE DUCHESS

Graceful and refined, this tea is a softer version of classic Earl Grey with citrusy bergamot and a floral First Flush Darjeeling. It's light, fragrant, and effortlessly poised.

GREEN

COURT JESTER

A clever, mischievous blend of Chinese green and Ceylon black tea, laced with exotic fruits, dark berries, and a soft almond finish. Smooth and intriguing—this cup plays by its own rules.

SMOKE & SOLITUDE

Dark, coiled leaves unfurl like ancient secrets, releasing a smoky whisper softened by time. Bold yet never bitter—it's grounded and quietly powerful.

GHOST GARDEN

Delicate jasmine blooms drift like mist through ancient, forgotten gardens. Layers of fresh jasmine flowers settle upon Chun Mee green tea, crafting a haunting, elegant floral finish.

BOTANICAL

THE QUIET ALCHEMIST

An artful blend of chamomile, lavender, and mint—crafted to quiet the mind and soothe the senses. Hints of lemon verbena and rose petals create a delicate elixir of calm.

CRIMSON JUBILEE

Lush and decadent, this pot captures the essence of sun-warmed cherries kissed with vanilla sugar. It's a fruity, caffeine-free indulgence that's naturally sweet and reminiscent of hot fruit pie on a cold winter day.

AMBER GROVE

The warmth of ripe peaches meets earthy rooibos in this cozy, caffeine-free blend. Smooth and soothing—like a soft memory of summer orchards against winter's chill.
